

FACILITATOR: Nursery Acceptance Teacher

LESSON PLAN

Week 2	Ending 03-10-2026	Subject Numeracy	Class Nursery 1	Class Size 11
Strand Number		Sub–Strand Grouping of objects based on shapes colour, size etc.		
Content Standard		Learning Indicator		
Performance Indicator Learners can show and talk about Grouping of objects based on shapes colour size etc		Core Competencies		
Key Words				
Through line God worshiper and Image reflector		God’s Story Creation		
Deep Hope Learners will recognize and appreciate the beauty, order, and purpose of design in the physical world around them.		Storyline Shaping our world.		

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
PHASE 1 (STARTER)	- This lesson focuses on Grouping of objects based on shapes colour - size etc. within Number - Grouping of objects based on shapes colour - size etc	
PHASE 2 (MAIN)	- Watch and listen carefully - then describe each step of Grouping of objects based on shapes colour - size etc. in your own words - Work with your partner/group to carry out the task for Grouping of objects based on shapes colour - size etc. and record what you find - Join in the play or song about Grouping of objects based on shapes colour - size etc. and try it yourself - Model Grouping of objects based on shapes colour - size etc. slowly with real objects while the children watch - listen and repeat after you - Guide the children to try Grouping of objects based on shapes colour - size etc. themselves - one small step at a time - helping each child by name - Let the children play at Grouping of objects based on shapes colour - size etc. in small groups — sorting - matching - singing or colouring — while you watch and encourage them	- Cut out shapes

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
PHASE 3 (PLENARY / REFLECTION)	- Bring the children back to the circle - sing or clap about Grouping of objects based on shapes colour - size etc - let a few children show what they made or did - and praise each child	
EVALUATION	Watch each child during the activity and ask simple oral questions — point to, name or show Grouping of objects based on shapes colour, size etc.. Tick who can do it and who needs more help; there is no written test. Assessment mode: Classification exercise with accuracy check. Evidence: each child shows or names one example of Grouping of objects based on shapes colour, size etc..	
REMARKS		

LESSON PLAN

Week 3	Ending 10-10-2026	Subject Numeracy	Class Nursery 1	Class Size 11
Strand Number		Sub–Strand Rule adherence (finding difference)		
Content Standard		Learning Indicator		
Performance Indicator Learners can show and talk about Rule adherence		Core Competencies		
Key Words				
Through line God worshiper and Image reflector		God’s Story Creation		
Deep Hope Learners will recognize and appreciate the beauty, order, and purpose of design in the physical world around them.		Storyline Shaping our world.		

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
-----------------------------	---------------------------	------------------

PHASE 1 (STARTER)	- This lesson focuses on Rule adherence (finding difference) within Number - Rule adherence (finding difference)	
PHASE 2 (MAIN)	- Watch and listen carefully - then describe each step of Rule adherence (finding difference) in your own words - Work with your partner/group to carry out the task for Rule adherence (finding difference) and record what you find - Join in the play or song about Rule adherence (finding difference) and try it yourself - Model Rule adherence (finding difference) slowly with real objects while the children watch - listen and repeat after you - Guide the children to try Rule adherence (finding difference) themselves - one small step at a time - helping each child by name - Let the children play at Rule adherence (finding difference) in small groups — sorting - matching - singing or colouring — while you watch and encourage them	- Cut out shapes

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
PHASE 3 (PLENARY / REFLECTION)	- Bring the children back to the circle - sing or clap about Rule adherence (finding difference) - let a few children show what they made or did - and praise each child	
EVALUATION	Watch each child during the activity and ask simple oral questions — point to, name or show Rule adherence (finding difference). Tick who can do it and who needs more help; there is no written test. Assessment mode: Written problem-solving with step marks. Evidence: each child shows or names one example of Rule adherence (finding difference).

LESSON PLAN

Week 4	Ending 17-10-2026	Subject Numeracy	Class Nursery 1	Class Size 11
Strand Number		Sub–Strand Sorting and matching		
Content Standard		Learning Indicator		
Performance Indicator Learners can show and talk about Sorting and matching		Core Competencies		
Key Words				
Through line God worshiper and Image reflector		God’s Story Creation		
Deep Hope Learners will recognize and appreciate the beauty, order, and purpose of design in the physical world around them.		Storyline Shaping our world.		

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
-------------------------	---------------------------	------------------

PHASE 1 (STARTER)	- This lesson focuses on Sorting and matching within Number - Sorting and matching	
PHASE 2 (MAIN)	- Watch and listen carefully - then describe each step of Sorting and matching in your own words - Work with your partner/group to carry out the task for Sorting and matching and record what you find - Join in the play or song about Sorting and matching and try it yourself - Model Sorting and matching slowly with real objects while the children watch - listen and repeat after you - Guide the children to try Sorting and matching themselves - one small step at a time - helping each child by name - Let the children play at Sorting and matching in small groups — sorting - matching - singing or colouring — while you watch and encourage them	- Cut out shapes

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
PHASE 3 (PLENARY / REFLECTION)	- Bring the children back to the circle - sing or clap about Sorting and matching - let a few children show what they made or did - and praise each child	
EVALUATION	Watch each child during the activity and ask simple oral questions — point to, name or show Sorting and matching. Tick who can do it and who needs more help; there is no written test. Assessment mode: Classification exercise with accuracy check. Evidence: each child shows or names one example of Sorting and matching.

LESSON PLAN

Week 5	Ending 24-10-2026	Subject Numeracy	Class Nursery 1	Class Size 11
Strand Number		Sub–Strand Pairing		
Content Standard		Learning Indicator		
Performance Indicator Learners can show and talk about Pairing		Core Competencies		
Key Words				
Through line God worshiper and Image reflector		God’s Story Creation		
Deep Hope Learners will recognize and appreciate the beauty, order, and purpose of design in the physical world around them.		Storyline Shaping our world.		

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
-------------------------	---------------------------	------------------

PHASE 1 (STARTER)	- This lesson focuses on Pairing within Number - Pairing	
PHASE 2 (MAIN)	- Watch and listen carefully - then describe each step of Pairing in your own words - Work with your partner/group to carry out the task for Pairing and record what you find - Join in the play or song about Pairing and try it yourself - Model Pairing slowly with real objects while the children watch - listen and repeat after you - Guide the children to try Pairing themselves - one small step at a time - helping each child by name - Let the children play at Pairing in small groups — sorting - matching - singing or colouring — while you watch and encourage them	- flash cards - Counters - sticks

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
PHASE 3 (PLENARY / REFLECTION)	- Bring the children back to the circle - sing or clap about Pairing - let a few children show what they made or did - and praise each child. Preview the next lesson ('Pairing')	
EVALUATION	Watch each child during the activity and ask simple oral questions — point to, name or show Pairing. Tick who can do it and who needs more help; there is no written test. Assessment mode: Oral questions and observation of participation. Evidence: each child shows or names one example of Pairing.	
REMARKS		

LESSON PLAN

Week 6	Ending 31-10-2026	Subject Numeracy	Class Nursery 1	Class Size 11
Strand Number		Sub–Strand Pairing		
Content Standard		Learning Indicator		
Performance Indicator Learners can show and talk about Pairing		Core Competencies		
Key Words				
Through line God worshiper and Image reflector		God’s Story Creation		
Deep Hope Learners will recognize and appreciate the beauty, order, and purpose of design in the physical world around them.		Storyline Shaping our world.		

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
-----------------------------	---------------------------	------------------

PHASE 1 (STARTER)	- This lesson builds on 'Pairing' and moves the class on to Pairing	
PHASE 2 (MAIN)	- Watch and listen carefully - then describe each step of Pairing in your own words - Work with your partner/group to carry out the task for Pairing and record what you find - Join in the play or song about Pairing and try it yourself - Model Pairing slowly with real objects while the children watch - listen and repeat after you - Guide the children to try Pairing themselves - one small step at a time - helping each child by name - Let the children play at Pairing in small groups — sorting - matching - singing or colouring — while you watch and encourage them	- flash cards - Counters - sticks

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
PHASE 3 (PLENARY / REFLECTION)	- Bring the children back to the circle - sing or clap about Pairing - let a few children show what they made or did - and praise each child	
EVALUATION	Watch each child during the activity and ask simple oral questions — point to, name or show Pairing. Tick who can do it and who needs more help; there is no written test. Assessment mode: Oral questions and observation of participation. Evidence: each child shows or names one example of Pairing.

LESSON PLAN

Week 7	Ending 07-11-2026	Subject Numeracy	Class Nursery 1	Class Size 11
Strand Number		Sub–Strand Tolerance		
Content Standard		Learning Indicator		
Performance Indicator Learners can show and talk about Tolerance		Core Competencies		
Key Words				
Through line God worshiper and Image reflector		God’s Story Creation		
Deep Hope Learners will recognize and appreciate the beauty, order, and purpose of design in the physical world around them.		Storyline Shaping our world.		

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
-----------------------------	---------------------------	------------------

PHASE 1 (STARTER)	- This lesson focuses on Tolerance within Number - Tolerance	
PHASE 2 (MAIN)	- Watch and listen carefully - then describe each step of Tolerance in your own words - Work with your partner/group to carry out the task for Tolerance and record what you find - Join in the play or song about Tolerance and try it yourself - Model Tolerance slowly with real objects while the children watch - listen and repeat after you - Guide the children to try Tolerance themselves - one small step at a time - helping each child by name - Let the children play at Tolerance in small groups — sorting - matching - singing or colouring — while you watch and encourage them	- flash cards - Counters - sticks

PHASE / DURATION	LEARNER ACTIVITIES	RESOURCES
PHASE 3 (PLENARY / REFLECTION)	- Bring the children back to the circle - sing or clap about Tolerance - let a few children show what they made or did - and praise each child	
EVALUATION	Watch each child during the activity and ask simple oral questions — point to, name or show Tolerance. Tick who can do it and who needs more help; there is no written test. Assessment mode: Oral questions and observation of participation. Evidence: each child shows or names one example of Tolerance.
